#### **BOARD of DIRECTORS**

RESOLUTION No. M2022-04

MAKING CONTINUED FINDINGS PURSUANT TO ASSEMBLY BILL 361
TO CONDUCT REMOTE PUBLIC MEETINGS FOR MCOG'S
LEGISLATIVE AND ADVISORY BODIES
DURING THE COVID-19 STATE OF EMERGENCY

## WHEREAS,

- 1. The Mendocino Council of Governments (MCOG) is committed to preserving and fostering public access and participation in its meetings, as required by the Ralph M. Brown Act (Cal. Government Code 54950 54963), which makes provisions for remote teleconferencing participation in meetings by members of a legislative body, subject to the existence of certain conditions;
- 2. A state of emergency was proclaimed by Governor's Executive Order N-33-20 on March 4, 2020, addressing the threat of the COVID-19 pandemic, and remains in effect with certain modifications added since the original order, as part of a phased rollback of Executive Orders in response to the pandemic;
- 3. On September 16, 2021, the Governor signed into law AB 361, an urgency measure, that provides flexibility to government bodies, allowing them to meet virtually without conforming to the Brown Act teleconferencing rules during a declared state of emergency if:

  (a) State or local officials have imposed or recommended measures to promote social distancing, (b) the legislative body is meeting to determine whether, as a result of the emergency, meeting in person presents imminent risks to the health or safety of attendees, or (c) the legislative body has determined that meeting in person would present imminent risks to the health or safety of attendees; Executive Order N-1-22 extended AB 361 through March 31, 2022;
- 4. In recent months, the Omicron variant has surged in the United States and become the predominant COVID-19 variant, accounting for the majority of infections and hospitalizations, believed by medical experts to be two to four times more infectious than the Delta variant, which data has shown to have increased transmissibility even among some vaccinated people; this surge arrived later to Mendocino County than other areas of California:
- 5. The Mendocino County Health Officer's order dated February 10, 2022, states that "the County's reported cases and case positivity has not fallen to the levels prior to the onset of the Omicron and Delta variants. The County continues to be an area, defined by the Centers for Disease Control (CDC), with High Community Transmission risk," noting concerns with hospitalization and ICU rates and an Omicron sub-variant;
- 6. Due to the uncertainty and concerns about these current conditions, the Mendocino County Supervisors continue to meet remotely and not in their regular board chambers where MCOG typically has convened its meetings, and numerous state and local agencies' personnel, including Caltrans, continue to work from separate remote locations;

- 7. Given the heightened risks of the predominant variant of COVID-19 in the community, holding meetings with all members of the legislative body, staff, and the public in attendance in person in a shared indoor meeting space would pose an unnecessary and immediate risk to the attendees;
- 8. These virtual meetings have not diminished the public's ability to observe and participate and have expanded opportunities to do so for some communities, and MCOG continues to provide for public access to its remote meetings; and
- 9. On October 4, 2021, MCOG's Board of Directors made findings of fact by Resolution #M2021-12 including additional background and pertinent details; therefore, be it

## **RESOLVED, THAT:**

- The Mendocino Council of Governments adopts the recitals set forth above as findings of fact.
- MCOG has reconsidered circumstances of the state of emergency.
- MCOG hereby determines that the state of emergency continues to directly impact the ability of the members to meet safely in person.
- In accordance with AB 361, based on the findings and determinations herein, meetings of MCOG's legislative and advisory bodies will be held remotely by virtual means, suspending Brown Act teleconferencing rules while providing for all feasible means of public participation.
- This resolution shall be effective upon adoption and remain in effect until MCOG's next regular board meeting on March 7, 2022, when MCOG shall consider renewing its findings by subsequent resolution, in accordance with AB 361.

- 9. Technical Advisory Committee (TAC) Recommendations of November 17, 2021 continued from December 6, 2021: Public Hearing: Consideration and Finding of Negative Declaration of Environmental Impact, followed by Possible Adoption of Resolution Approving the 2022 Mendocino County Regional Transportation Plan (RTP) & Active Transportation Plan (ATP). Executive Director Barrett announced this was a previously noticed and continued hearing.

The TAC had recommended approval of the draft RTP & ATP and Negative Declaration at their November meeting. Deputy Planner Ellard summarized changes made to the document according to board direction at the December Council meeting (refer to written staff report). The revised Proposed Final plan was posted on MCOG's website. The time extension allowed staff to consider how best to address public comments received. Additions were made as requested by Chair Gjerde following a meeting with legislators on the federal infrastructure bill, to ensure that future electric vehicle charging projects would qualify for new federal funds. Staff also reported an error in the Willits map, which would be corrected and posted in the appendix.

The Chair invited public comments. Mr. Dave Shpak thanked the board and staff for including his comments as best as could be done given constraints of the document, and expressed appreciation for several people involved in certain projects, and for the work that went into developing the plan. The hearing was closed at 1:52 p.m.

In board discussion, Director Gjerde thanked staff for making the last-minute revisions to strengthen positioning for electric transportation investments. Director Haschak agreed the changes presented today reflected board discussion and make a better document.

**Upon motion** by Haschak, second by Brown, and carried unanimously on roll call vote (5 Ayes – Brown, Albin-Smith, Haschak, Ahlstrand/PAC, and Gjerde; 0 Noes; 0 Abstaining; 2 Absent): IT IS ORDERED that MCOG finds there is no substantial evidence that adoption of the 2022 Regional Transportation Plan and Active Transportation Plan will have a significant effect on the environment and the CEQA Document – Initial Study/Negative Declaration is approved.

**Upon motion** by Haschak, second by Brown, and carried unanimously on roll call vote (5 Ayes – Brown, Albin-Smith, Haschak, Ahlstrand/PAC, and Gjerde; 0 Noes; 0 Abstaining; 2 Absent): IT IS ORDERED that the following resolution is adopted.

## Resolution No. M2022-02

Adopting the 2022 Mendocino County Regional Transportation Plan and Active Transportation Plan (Reso. #M2022-02 is incorporated herein by reference)

# 10. Public Hearing: Unmet Transit Needs for Fiscal Year 2021/22 – Including Social Services Transportation Advisory Council (SSTAC) Recommendations of January 12, 2022.

Deputy Director Orth reported proof of publication of the legal notice from Ukiah Daily Journal, published on January 7, included in the agenda packet. Additional outreach included three other local newspapers, MCOG's website and email to two lists of subscribers and interested parties.

**Upon motion** by Haschak, second by Brown, and carried unanimously on roll call vote (5 Ayes – Brown, Albin-Smith, Haschak, Ahlstrand/PAC, and Gjerde; 0 Noes; 0 Abstaining; 2 Absent): IT IS ORDERED that this public hearing on 2022/23 Unmet Transit Needs was properly noticed.

The Chair opened the public hearing at 1:58 p.m. Ms. Orth gave a summary of the annual process starting with the January 12 SSTAC unmet transit needs workshop and submitted as testimony a list of 17 identified needs, including five from the group and 12 from Mendocino Transit Authority (MTA) public outreach throughout the past year. Additionally, staff submitted a letter received from Westport Municipal Advisory Council requesting consideration of "restoring some level of public transit between Fort Bragg and Westport."

The Chair invited public comment. Dave Shpak of Gualala, noting the Gualala Downtown Streetscape project would include public transit stops downtown along the state highway route, submitted that rather than locating a bus stop directly in the corridor where shelter, convenience and visibility are lacking, those stops should be located off-highway with access to amenities such as shopping and services, as the safest and best option.

With no further testimony received, Chair Gjerde asked about the expected timeline for MTA's analysis; it would be received in late March and move through committees, ending with board action in June. Ms. Orth then reviewed staff's recommended action.

The public hearing was closed at 2:03 p.m.

Director Brown moved the staff recommendation, seconded by Haschak. **Discussion on the motion:** clarification of what is included on the list. **The motion carried** unanimously on roll call vote (5 Ayes – Brown, Albin-Smith, Haschak, Ahlstrand/PAC, and Gjerde; 0 Noes; 0 Abstaining; 2 Absent): IT IS ORDERED that MCOG receives as testimony all needs submitted by the Social Services Transportation Advisory Council (SSTAC), Mendocino Transit Authority (MTA), written testimony, and verbal testimony heard in the public hearing; the testimony heard includes Unmet Transit Needs that appear to qualify under MCOG's adopted definitions, and those needs are directed to Mendocino Transit Authority for analysis and for further review and recommendations by the Transit Productivity Committee and Social Services Transportation Advisory Council.

Staff further reported an additional SSTAC recommendation to develop a Ukiah area transit center or hub. MTA Executive Director Jacob King briefly discussed initial plans with Caltrans of interregional routes to include Ukiah as one of the hubs where various multimodal transportation services could meet.

11. Technical Advisory Committee (TAC) Recommendations of January 19, 2022: Approval of Resolution Adopting First Amendment to 2022 Regional Transportation Improvement Program (RTIP). Program Manager Sookne reported status of the RTIP. City of Fort Bragg requested that the implementing agency be changed from the City to Caltrans for its South Main Street Bicycle & Pedestrian Access Project. Caltrans has an overlapping project and this would result in efficiency, cost savings and less disruption of the corridor during construction. Additionally, Caltrans requested construction funds to be reprogrammed from FY 2022/23 to 2023/24. The TAC recommended these amendments.

**Upon motion** by Haschak, second by Ahlstrand, and carried unanimously on roll call vote (5 Ayes – Brown, Albin-Smith, Haschak, Ahlstrand/PAC, and Gjerde; 0 Noes; 0 Abstaining; 2 Absent): IT IS ORDERED that the following resolution is adopted.

#### Resolution No. M2022-03

Adopting the First Amendment to the 2022 Regional Transportation Improvement Program (RTIP) [Reso. #M2022-03 is incorporated herein by reference]

[#12 and #14 were taken out of agenda order pending availability of the presenter.]

Upon motion by Brown, second by Haschak, and carried unanimously on roll call vote (5 Ayes – Brown, Albin-Smith, Haschak, Ahlstrand/PAC, and Gjerde; 0 Noes; 0 Abstaining; 2 Absent): IT IS ORDERED that the Council approves the above slate of committee appointments.

## 15. Reports - Information

- a. <u>Caltrans District 1 Projects Update and Information</u>. Director Ahlstrand reported delay of a community meeting on the Hopland ADA project due to some staffing turnover; the meeting will be rescheduled. The Clean California grant opportunity has closed, and she hoped to have an announcement of awards by March 1. It was also noted that Caltrans will move forward with two Caltrans-implemented projects in Mendocino County, first in Boonville and the second year in downtown Covelo.
- b. Mendocino Transit Authority. There was no news to report.
- c. North Coast Railroad Authority. Director Haschak reported a meeting on January 24 including closed session items. The final meeting as NCRA is approaching, before converting to the Great Redwood Trail Authority. Board membership will be the same as for NCRA.
- d. MCOG Staff Summary of Meetings. Ms. Barrett referred to the written report.

## e. MCOG Administration Staff

- i. Status of Covelo SR 162 Corridor Multi-Purpose Trail Project. Ms. Barrett noted there had been concerns with meeting a critical deadline but was now happy to report that the right-of-way certification was completed and construction funding allocated by the CTC. Director Haschak thanked staff for attending the Round Valley Municipal Advisory Council meeting and for keeping the public informed, as they are enthused about the project. Ms. Barrett appreciated the community for their support and noted plans for some public art on the trail.
- ii. 50<sup>th</sup> Anniversary of MCOG 2022 Recognition/Celebration. Administration staff offered a few ideas to recognize the occasion and educate the community about MCOG's role.
- iii. *Miscellaneous*. Ms. Orth made a brief financial report, noting the Fiscal Year 2020/21 audit is underway, 2021/22 sales tax revenues are coming in 7.5 percent above the budget estimate for the year to date, and 2022/23 budget development will begin in February with the Executive Committee meeting.

Ms. Barrett expressed gratitude to all of the staff who worked on the Regional Transportation Plan, which is one of MCOG's largest in-house projects and guides planning for the next four years.

iv. Next Meeting Date. Monday, March 7, 2022.

- **12.** Regional Energy Network Ad Hoc Committee Recommendations of January 21, 2022. Ms. Barrett briefly summarized her written report of recent activity, then introduced Stephen Kullmann, Director of Demand Side Management, Redwood Coast Energy Authority (RCEA).
  - a. Presentation by Redwood Coast Energy Authority *Information*. Mr. Kullman gave a slide presentation on Becoming a Rural Regional Energy Network (REN), covering background on the several entities working to form the RuralREN, advantages of a REN, a map of participating rural organizations in California, and a five-year \$96 million budget of six partners and seven programs to be administered by RCEA. MCOG and the Lake Area Planning Council, as late comers, would be able to participate as subcontractors initially, with the intent to join as full partners when feasible. He overviewed REN programs and next steps, with the final business plan filing due March 4, 2022, to begin operations in January 2023 on approval of the California Public Utilities Commission. Questions and brief discussion followed. Ms. Barrett reported letters of support received from MCOG member agencies to date; Director Brown reported a letter on its way from City of Ukiah.

The Chair invited public comment. Eileen Mitro of Ukiah expressed support for joining a REN and asked whether letters of support from community organizations would be of interest. Staff noted order of priority, and Mr. Kullmann affirmed that more letters would be welcome. Ms. Mitro asked about incentives and technical support for energy efficiency and installing electric vehicle (EV) charging stations. Mr. Kullman explained that in California energy and transportation programs are managed through separate agencies, although that is beginning to change due to overlapping conditions. This could be applicable where the REN might provide support to research and apply for funding, but not otherwise be involved with EV infrastucture through the REN. Director Gjerde reported a current state grant opportunity for EV chargers and suggested collaboration with RCEA in a multi-county proposal.

b. Approval of Memorandum of Understanding to Participate in RuralREN Program – Action.

Upon motion by Brown, second by Haschak, and carried unanimously on roll call vote (5 Ayes – Brown, Albin-Smith, Haschak, Ahlstrand/PAC, and Gjerde; 0 Noes; 0 Abstaining; 2 Absent):

IT IS ORDERED that, as recommended by the climate ad hoc committee, the Memorandum of Understanding between Mendocino Council of Governments, Lake Area Planning Council, and Redwood Coast Energy Authority to Provide Regional Energy Network Programs is approved and the Executive Director is authorized to sign the MOU.

The Chair resumed the Reports agenda.

- f. MCOG Planning Staff
  - i. Feasibility Study Mobility Solutions for Rural Communities of Inland Mendocino County. Ms. Ellard hoped to have more to report at the next meeting on this grant-funded project.
  - ii. Miscellaneous. None.
- g. <u>MCOG Directors</u>. Director Gjerde appreciated that MCOG continues to take on new priorities. There were no further reports.
- h. California Association of Councils of Governments (CALCOG) Delegates. No report.

**14.** Recess as Policy Advisory Committee – Reconvene as RTPA – Ratify Action of Policy Advisory Committee. Upon motion by Albin-Smith, second by Haschak, and carried unanimously on roll call vote (4 Ayes – Brown, Albin-Smith, Haschak, and Gjerde; 0 Noes; 0 Abstaining; 2 Absent): IT IS ORDERED that the actions taken by the Policy Advisory Committee are ratified by the MCOG Board of Directors.

**16. Adjournment.** The meeting was adjourned at 2:56 p.m.

Agenda # 7 Regular Calendar MCOG Meeting 3/07/2022

**DATE PREPARED**: 02/25/22

**MEETING DATE:** 03/07/22

## **STAFF REPORT**

**TITLE:** Proposed Additional STBG Partnership Program

Funding for SR 162 Covelo Multi-Purpose

Trail Project

SUBMITTED BY: Nephele Barrett, Executive Director

**BACKGROUND:** The Covelo SR 162 Multi-Purpose Trail Project will construct a Class I multi-purpose trail parallel to State Highway 162, a distance of approximately 1.5 miles through the community of Covelo, plus an east-west portion of the trail approximately 0.5 mile in length.

We reached our right of way certification milestone for this project on January 19, 2022, in time to allocate the construction funds at the January California Transportation Commission meeting. However, reaching that milestone was no small feat. I've reported at previous meetings on the challenges we've faced since the beginning of this project. Our biggest challenges related to right of way acquisition all stemmed from the changed and enhanced role of Caltrans in that process. The change, although ultimately necessary, added significantly to the project schedule as well as the work to be performed by staff and BRI, our right of way consultant on the project. We were left with very little time to achieve all of the necessary steps to certify right of way by the deadline. In the weeks leading up to the January CTC meeting, our right of way agent with BRI, Pete Feild, worked some miracles, and we wouldn't be moving forward with the project now without all of his efforts.

Unfortunately, all that now means that we need to consider increasing the MCOG funding on this project to accommodate an amendment to add budget and time to the contract with BRI to allow for remaining, needed work. The attached table shows the proposed amendment from BRI, with a breakdown of added costs across tasks. The total proposed increase is \$61,870 to the current contract amount of \$155,358. Although this is a significant increase, there's no denying that BRI has had to do more than originally planned on this project, and that it has taken longer than anticipated. They are also proposing to extend the terms of the agreement through June 30, 2023. The remaining work and schedule is necessary to complete the project, as there is still quite a bit of work to do, and minor right of way needs could continue through the start of construction.

Although MCOG policies and procedures don't require Board approval for individual contracts, this proposed amendment exceeds the MCOG funding currently allocated to the project for right of way support. Right of way funds previously allocated to the project from the Active Transportation Program and STBG/Partnership Program have been fully committed, with the exception of about \$3,000. Remaining right of way funds from the Complete Streets program are for acquisition (payments to property owners), and therefore, not available for this contract amendment.

Staff proposes an additional allocation from MCOG's Partnership Program funds to cover the contract increase. The Partnership Program currently has an unexpended/uncommitted balance of \$549,679, so it can easily cover this amendment. Partnership Program funds have previously been approved for the project for a portion of the design contract and the plant propagation contract required as mitigation.

The Covelo Trail ad hoc committee has considered this matter and recommended that the MCOG Board approve this allocation in order to allow the contract amendment, recognizing the necessity of the remaining work. Staff also recommends approval.

**ACTION REQUIRED:** Take action on the proposed allocation of \$61,870 from the STBG Partnership Program in order to allow an amendment to the Agreement for Professional Services with Bender, Rosenthal, Inc.

**ALTERNATIVES:** Delay action or do not approve the allocation (not recommended as it will prevent or delay further needed right of way support activities).

**RECOMMENDATION:** The Covelo Trail ad hoc committee and staff recommend that the MCOG Board approve an additional allocation of \$61,870 from the Surface Transportation Block Grant (STBG) Partnership Program in order to accommodate an amendment to the Agreement for Professional Services with Bender, Rosenthal, Inc., to provide for remaining right of way tasks and extend the agreement through June of 2023.

## STAFF REPORT

TITLE: SR 162 Covelo Multi-Purpose Trail Project -

Resolution Authorizing Execution of Application and

Agreements with Bureau of Indian Affairs

**SUBMITTED BY:** Nephele Barrett, Executive Director

**BACKGROUND:** The Covelo SR 162 Multi-Purpose Trail Project will construct a Class I multipurpose trail parallel to State Highway 162, a distance of approximately 1.5 miles through the community of Covelo, plus an east-west portion of the trail approximately 0.5 mile in length.

As noted in the staff report for Item 7 on this agenda, there are many project development tasks that remain for the project. One of these tasks is the submittal of an application package to the Bureau of Indian Affairs (BIA) related to the three parcels within the project limits that are held in trust by the BIA. Although we have a general resolution authorizing the Executive Director to execute agreements, etc., related to grants, our right of way consultant thought it would be best to have a resolution specific to BIA and this project.

A draft resolution has been prepared and is attached for your consideration.

**ACTION REQUIRED:** Approve Resolution #M2022-05 authorizing the Executive Director to execute applications and agreements required to process documentation for the Covelo SR 162 Corridor Multi-Purpose Trail project to the Bureau of Indian Affairs.

**ALTERNATIVES:** Do not approve the resolution (not recommended).

**RECOMMENDATION:** Approve Resolution #M2022-05 authorizing the Executive Director to execute applications and agreements required to process documentation for the Covelo SR 162 Corridor Multi-Purpose Trail project to the Bureau of Indian Affairs.

## STAFF REPORT

TITLE: MCOG Staffing Services and Extensions of Agreements for Professional Services

DATE PREPARED: 2/28/22

MEETING DATE: 3/7/22

SUBMITTED BY: Nephele Barrett, Executive Director

**BACKGROUND:** Staffing for the Mendocino Council of Governments is provided through contracts with private consulting firms. In 2014, a competitive procurement process was followed which included separate Requests for Proposals for the administration and planning functions. The RFPs indicated an initial contract period of five years, with up to five one-year extensions. Contracts were awarded to Dow & Associates for administration and fiscal services and to Davey-Bates Consulting for planning services consistent with the terms identified in the RFP.

In anticipation of the initial contract period ending in October of 2019, the Executive Committee considered the option to extend the existing contracts or prepare an RFP and conduct a full procurement process. The Executive Committee recommended and the MCOG Board approved exercising the option for extensions. An ad hoc committee was appointed to work with the two contractors on the extensions.

The two contractors prepared and submitted to the ad hoc committee one-year contract extensions consistent with the provisions of the original contract. Extended cost plans were included which identified base contract amounts for the one-year extension as well as projected base costs for the subsequent four one-year extension periods. The ad hoc committee recommended approval of the contract extensions to the Board, which the Board subsequently approved. The committee also expressed an interest in a multi-year extension, however the language in the contract did not allow for that. In lieu of a multi-year extension, they requested a streamlined extension process for the following year.

With that in mind, proposed extensions for the subsequent second and third extension periods have been presented to and recommended for approval by the Executive Committee, and subsequently approved by the MCOG Board in 2020 and 2021.

With the current extension period ending on September 30 of this year, both contractors have prepared draft extensions for the fourth extension period, which are included in this packet. Both extensions are for the period from October 1, 2022 through September 30, 2023. These extensions mirror those that were approved last year and include exhibits identifying the base costs for the extension period, which covers the second through fourth quarter of FY 22/23 and the first quarter of 23/24. These exhibits were included in the previous extension as well. As noted in the exhibits, the actual annual contract amounts are calculated by applying a cumulative CPI rate to the base amounts. Per the contract, the CPI is automatically applied up to four percent, with anything exceeding 4% requiring board approval. The Executive Committee has recommended that the full 4.2% annual average CPI increase from 2020 to 2021 be approved, which will be reflected in the fiscal year budget.

At their meeting of February 28, 2022, the Executive Committee considered the staffing options and draft extensions and recommended approval of the proposed one year extensions. The extensions are now presented to the MCOG Board for consideration and action.

**ACTION REQUIRED:** Take action on the proposed Extensions of Agreements for Professional Services.

## **ALTERNATIVES:**

- 1. Continue this item to a later meeting.
- 2. Propose modifications to the agreement extensions.
- 3. Select an alternative approach to continued staffing services, such as a full procurement process or conversion to an agency employee system. (Note: If the full RFP option is selected, MCOG staff is not able to prepare these RFPs, which means that an agency will need to be identified from among the joint powers member agencies that will take on the procurement process.)

**RECOMMENDATION:** The Executive Committee has recommended approval of one year extensions for MCOG staffing through September 30, 2023, as follows:

- a. Approve the Extension of Agreement for Professional Services—Administration & Fiscal Services with Dow & Associates and authorize the chair to sign.
- b. Approve the Extension of Agreement for Professional Services—Planning Services with Davey-Bates Consulting and authorize the chair to sign.

## **STAFF REPORT**

TITLE: Executive Committee's Fiscal Year 2022/23 Budget Recommendations

SUBMITTED BY: Janet Orth, Deputy Director & CFO DATE: 3/2/2022

## **BACKGROUND:**

The Executive Committee met February 28 to review and recommend on staff's initial draft budget as usual. Segments of the budget go through further review by MCOG's standing committees before final adoption by the Council in June. The committee focused on the Local Transportation Fund (LTF) revenues and allocations. Following is a brief summary.

**Highlights of the coming year's budget:** This year's LTF estimate of local sales tax shows the gains of the pandemic period starting to level off, though still coming in high. Actual revenues for FY 2020/21 topped \$5 million for the first time and are expected to continue in that range. We also have the unallocated surplus from 2020/21 available to supplement the 2022/23 budget.

The same cannot be said of the State Transit Assistance (STA) fund from fuel taxes. While the infusion of revenues from Senate Bill 1, the Road Repair & Accountability Act of 2017, had more than doubled annual revenues from STA since its low point in FY 2016/17, the impact of the pandemic on driving behavior resulted in a loss of 20% in terms of actual revenues between 2019/20 and 2020/21. With travel resuming, estimated revenues are approaching previous levels. This is a smaller fund and less critical, though still important to transit operations and capital.

SB 1 also added funds to transportation planning grants and other programs that benefit transit and MCOG member agencies. The federal CARES Act and CRRSAA funding helped to keep public transit whole, and is currently tracked in our supplemental budget information, as it does not pass through MCOG.

- The County Auditor's estimate of LTF sales tax revenue of \$5,137,383 is up 13.5% (\$611,603) from the FY 2021/22 estimate, based on calculations of actuals year-to-date with projections for remainder of the current year. The Acting Auditor-Controller has taken into account expert advice of the County's sales tax consultant, which indicate the revenues will flatten to around one percent growth.
- A surplus of \$566,800 (12.5%) is projected for the current year 2021/22, which, if the revenues materialize, would be available in FY 2023/24.
- Under MCOG's LTF Reserve policy (for public transit operations), the minimum balance would be set at \$257,000 (five percent of the Auditor's estimate). Last year, with the unusual growth in revenues, the Executive Committee recommended reserving ten percent, to assist MTA in setting aside emergency cash as a fiscal best practice. This year, the recommended reserve is 15 percent (\$771,00), due to concerns that growth might not continue at its recent rate, and MTA might not be able to expend all available funds in the fiscal year, which are subject to an eligibility test in the audit. The reserve balance is reset annually and is available for MTA to claim under certain conditions.

The Executive Committee recommended approval of staff's recommended Draft 2022/23 Regional Transportation Planning Agency (RTPA) Budget, adjusted for inflation and the increased reserve, for further development during the annual budget process, including:

- LTF Reserve fund balance of 15 percent, \$771,000, triple the minimum allowed under policy, releasing for allocation \$437,150
- A reserved balance of LTF prior-year unallocated revenues of \$29,135
- \$509,379 LTF for Administration
- \$92,560 LTF for 2% Bicycle & Pedestrian Program, allocating the full optional 2%
- \$315,488 LTF for the Planning program
- \$4,657,106 LTF for Transit
- Allocations from other sources for the Transportation Planning Overall Work Program (OWP) as recommended by staff and Technical Advisory Committee
- Allocations from the Surface Transportation Block Grant (STBG) Program according to policy and the staffing contract (preliminary estimate is \$812,939).

**Conclusion:** Total estimated revenues for allocation from all sources are approaching \$9 million, expected to rise by several million with the addition of regional apportionments, grants and funds carried over (note "pending" items on the summary sheet). For the coming year MCOG will be able to fund programs of the Regional Transportation Planning Agency and Mendocino Transit Authority, with abundant sales tax revenues augmented by other funding sources, and several allocation options.

ACTION REQUIRED: None at this time.

Agenda # 11f Reports MCOG Meeting 3/07/2022

## **STAFF REPORT**

TITLE: 2022 Regional Transportation Plan/Active Transportation Plan DATE PREPARED: 2/28/22

**SUBMITTED BY:** Loretta Ellard, Deputy Planner **MEETING DATE:** 03/07/22

## **BACKGROUND:**

As you know, the Final 2022 Regional Transportation Plan/Active Transportation Plan was adopted at last month's MCOG meeting on 2/7/22. During my staff report at that meeting I noted that it had come to our attention that a Willits map needed revision to reflect the post-Willits Bypass/Highway 101 realignment. The Board's approval of the final plan included that mapping correction.

Subsequent to the 2/7/22 meeting, while staff was preparing the map correction it was noted that several other maps also needed this correction. A total of eight maps in the appendix have now been revised to show the realignment resulting from Caltrans' relinquishment of the northern section of Highway 101 (Main Street) to the City of Willits, as well as the realignment of Highway 101 for the Willits bypass. The adopted final plan and updated appendix are posted on MCOG's website at: https://www.mendocinocog.org/2022-regional-transportation-plan-adopted
